

What is EWB-NU?

EWB-NU is the University of Nebraska's Chapter of Engineers Without Borders USA. Most of our members are engineering students on the Lincoln and Omaha campuses.

Our students work on two international engineering projects, designing from Nebraska, and traveling to our partner communities for implementation.

“Our mission is to build a better world through engineering projects that empower communities to meet their basic needs while growing the leadership skills of University of Nebraska students through local and global collaborations.”

Our Work

Madagascar Solar Power Project

Since 2010, we have been installing solar-powered lighting systems for schools in several villages of Kianjavato, Madagascar to improve classroom conditions where power is expensive and not easily accessible.

Read more about the past, present, and future of the project at ewb.unl.edu/Madagascar

Zambia Bridge Project

We are designing a pedestrian bridge to connect the Simulunda community to markets, schools, and medical care across the fast-moving Kalomo River.

We plan to receive final design approval in 2027, and **we must raise at least \$50,000** to receive approval of the bridge design and project.

Read more about the past, present, and future of the project at ewb.unl.edu/Zambia

Fundraising and Events

With a gift to EWB-NU, we can reach our goals of providing sustainable engineering solution to communities in need and give valuable hands-on engineering and intercultural communication learning experiences for young engineers can be reached. Evening Without Borders: A Night in Africa

Themed Dinner Event

In the spring, our chapter will host a fundraising banquet. This night is an exciting and informative time for family, students, and professionals to learn more about what it's like to live in the partner communities that our projects are benefiting.

Companies and students are invited to attend for an opportunity to network over cuisine and entertainment inspired by our Malagasy and Zambian partner communities, and a chance to hear directly from our members about their experiences both locally and abroad.

Dinner Tiers		
Silver	\$1000 <small>(\$850 Tax-deductible)</small>	- *5 Dinner tickets - Logo on Advertisements and Social Media - Promotional materials at event
Gold	\$1500 <small>(\$1350 Tax-deductible)</small>	All Silver Level Perks + - Highlighted in Event Slideshow - Logo on EWB Member T-shirts
Platinum	\$2500 <small>(\$2350 Tax-deductible)</small>	All Gold Level Perks + - Logo on table tents
Diamond	\$5000 <small>(\$4850 Tax-deductible)</small>	All Platinum Perks + - Presentation at Event - Exclusive, prominent logo on travel team apparel - Social media at project sites

100% of event proceeds goes to supporting our projects

*\$30 fair market value per ticket

Pizza Partnerships

11am-1:30pm throughout the school year

Connecting Students and Employers

On Wednesdays, we host Pizza partnerships in Kiewit Hall, our engineering building on the UNL campus. Students from all engineering majors come to Pizza Wednesday to network with the company who sponsored us and enjoy free pizza.

Companies also have the option to hand out flyers or company branded merchandise if they choose. This is a wonderful way to attract engagement between students and company recruiters, as our advertisements reach all corners of the College of Engineering. We typically see over 100 students talk to recruiters at these events!

Pizza Partnerships	
<u>Each Partnership Includes:</u>	
<ul style="list-style-type: none">- 1 lunch period of tabling- Social Media, Email List, and Slideshow Advertisements- Promotional Materials at Event- Vendor table for student recruitment (market value \$100)- *5 Tickets to Spring Banquet	
1 Partnership	\$1,000 (\$750 tax-deductible)
1 Fall, 1 Spring Partnership	\$2,000 (\$1,500 tax-deductible)

To reserve your pizza partnership, please contact our fundraising leads at ewb.nebraska@gmail.com.

* \$30 fair market value per ticket. If you want to waive a benefit, contact Eli Calderon Palacios at acalderonpalacios2@unl.edu

100% of the proceeds of the go to supporting our projects

Closing

Thank you for considering a partnership with EWB-NU. Together, we can transform lives and empower future engineers to build a better world. You can visit our website to learn more information about organization: ewb.unl.edu. We would be pleased to share our individual experiences and tell you more about our plans for our projects and answer any questions you might have.

Additionally, if you want to waive a benefit (specifically the banquet tickets), contact Eli Calderon Palacios at acalderonpalacios2@unl.edu.

Sincerely,

Eli Calderon Palacios
